

## **Harnessing Biomass: From the Forest to the Marketplace**

**A Practical Conference on Commercializing Biomass**

**October 22 - 23, 2009 at Nipissing University**

# Biomass Innovation Centre

*Fueling growth through clean technology*

The Biomass Innovation Centre will be hosting an International conference bringing together government and industry experts and leaders, and delegates from the U.S., Finland, Sweden, Austria and Italy. This open forum will be the largest discussion of its kind of forestry management, policy, fuel standardization, biomass research, manufacturing and operating regulations and bioenergy's role in contributing to the growth of a strong, green economy. This unique and timely conference will walk you through the steps from policy through to the practical implementation of biomass fuel in your business. You won't want to miss it! [Click Here](#)
